23 - 27 October 2022**

**FIRST ANNOUNCEMENT & CALL FOR PAPERS
PREMIERE ANNONCE & APPEL AUX CONTRIBUTIONS**

NUCLEAR INTER JURA 2022

The next International Nuclear Law Association (INLA) Congress will take place in Washington D.C., USA from **Sunday 23 to Thursday 27 October 2022** at the Willard InterContinental Washington.

Pre & post-conference travel packages will be offered separately to all participants. As per past events, accompanying family programs and travel packages will be proposed.

INLA / AIDN

The International Nuclear Law Association/Association Internationale du Droit Nucléaire was founded in Brussels in late 1970 by a group of nuclear lawyers, with finalization of its Statutes and incorporation taking place in 1972. Its purpose is to promote the study of legal issues associated with the peaceful uses of nuclear energy and to encourage the exchange of information in this field. Every two years, it organises a Congress called “Nuclear Inter Jura” in which nuclear lawyers and specialists worldwide participate. INLA membership counts some 500 members.

CALL FOR PAPERS - APPEL AUX CONTRIBUTIONS

Authors are invited to submit an abstract of their proposed paper before **15 March 2022**. Abstracts should be sent by e-mail to the INLA Secretariat: bernadette.keymolen@aidn-inla.be and to the INLA US Chapter (inla.us.2022@gmail.com). The preferred format is MS Word.

The abstract should include:

- 1) The title of the proposed paper.
- 2) The full name(s) of the author(s), title, professional affiliation, e-mail address. The presenting authors should be identified.
- 3) One page maximum summarising the content of the proposed paper in English or French.

Authors will be informed of the decision regarding acceptance of their papers by **15 May 2022**.

Finalized papers shall need to be sent to the above address by **1 September 2022**.

While prospective authors are free to propose the subjects of nuclear law of their choice, the final program will assure consideration of topics within the scope of each INLA Working Group's interests.

INLA Working Groups:

- WG 1 - Safety and Regulation
- WG 2 - Nuclear Liability and Insurance
- WG 3 - International Nuclear Trade/New Build
- WG 4 - Radiological Protection
- WG 5 - Radioactive Waste Management
- WG 6 - Nuclear Security and Non-Proliferation
- WG 7 - Nuclear Transport
- WG 8 - Nuclear Fusion

We ask also that prospective papers consider the overall theme of the Congress, reflected in the President's message below.

SECOND ANNOUNCEMENT – DEUXIEME ANNONCE

The Second Announcement will contain all relevant information in terms of registration fees, various events, the venue, accommodation options, travel packages prepared for participants, instructions about visas and important dates to bear in mind. The main lines of the provisional scientific programme will also be included.

**MESSAGE FROM THE PRESIDENT OF INLA
MESSAGE DU PRESIDENT DE L'AIN**

Dear INLA Members,

On behalf of myself and the INLA Board of Management, we send greetings to all for the New Year and wishes of health and happiness as we move forward during these still pandemic-impacted times. This message also greets you with plans for an “in person” Congress 2022, in Washington, DC, this fall. Planning for Congress '22 is well underway. We are building on the tremendous support during the Virtual Congress 2021 received from our membership generally, as well the individual INLA Working Groups.

Also, as we plan on gathering this coming fall, we will include as part of the Congress '22 theme the recognition, as representatives involved in the international legal structure related to nuclear power, of the next era of nuclear power and impactful legal topics. As this is the Fiftieth Anniversary of INLA as an organization, let's include in our Congress '22 discussions and presentations consideration of where we may go, where we need to go, in the legal framework of the industry in the coming fifty years.

Looking forward to seeing you in the fall.

Bill Horin
(President, International Nuclear Law Association)
