

Message from the INLA's President, Bill Horin

On behalf of the International Nuclear Law Association – US Chapter (INLA-US), and co-sponsor Nuclear Energy Institute-Legal Advisory Committee (NEI-LAC), we look forward to welcoming the international and United States nuclear bars to the Nuclear Inter Jura Congress 2022. We will be gathering in Washington, DC for Congress 2022, on October 23 – 27. This year is the 50th Anniversary of INLA as an organization, and this will be 23rd Congress of INLA during that period. As the basic theme for this Congress, we have chosen “The Nuclear Industry: The Next 50 Years.” The program capitalizes on the INLA global reach as well as the “local” (US) nuclear legal support, **ALL** in the context of a renewed and expanding international interest in nuclear energy’s zero-carbon contribution to the energy platform in every nation.

We look forward to seeing you in Washington.

Bill Horin

President, INLA

Governance

The Covid pandemic and successive lockdowns have not only caused to postponement of the biennial Congress over two years. It has resulted in a prolongation for the same period of the mandate of the members of the Board of Management. At last, a “physical” General Assembly will be held on Thursday 27 October 2022, at the close of the Congress and will elect a new Board for the term 2023 – 2024. A first letter of convocation was sent on 25 July 2022. The list of candidates will be sent shortly.

New INLA Members – Welcome!

We welcome all the new INLA members who have joined us since December 2021, to know:

- Andrew ABERNETHY, Employment Solicitor, Sellafield Ltd (UK) andrew.j.abernethy@sellafieldsites.com
- Berna AKYILDIZ, Founding Partner of WILAT Türkiye (Türkiye) berna@transtas.com.tr
- Samantha-Jane AMOR, Solicitor, Sellafield Ltd (UK) samantha-jane.z.amor@sellafieldsites.com
- Syed Abdullah ANWER, Advocate, International Legal Consultants (Pakistan) sabdaullahanwer@yahoo.com
- Yasemin BALCI, Co-Programme Director for National Implementation, Vertic (UK) yasemin.balci@vertic.org
- Misozi Miriam BANDA, Legal Officer, Radiation Protection Authority (Zambia) kapeya.misozi@gmail.com
- Thomas BROWN, Legal Officer, Vertic (UK) thomas.brown@vertic.org
- Noëlle BURG, Département Responsabilité Civile & Environnement, SIACI Saint Honoré (France) noelle.burg@s2hgroup.com
- Mathis COGGIOLA, Legal Assistant at Law Firm (France) marhis.coggio@gmail.com

INLA Working Groups

We encourage each INLA member to join any of the Working Groups (WGs) of INLA to interact with all other INLA members throughout the years and exchange views and latest legal developments from your jurisdiction. You can read more about the 8 WGs of INLA on our website: <http://aidn-inla.be/working-groups/>

INLA UK Event

At the initiative of Ian Salter – a member of the INLA Board – a one-day meeting is organized every two years to introduce and discuss important issues of nuclear law in the British context. Also delayed because of covid, this third session took place in Birmingham on 8 September 2022, kindly hosted by Gowling WLG, and attracted more than 50 participants. Persons interested to access the papers presented during the meeting may contact Ms Catie Norbury from Davies Nuclear Associates Ltd (catie.norbury@daviesnuclear.co.uk).

Academic Corner

INLA 2018 Abu Dhabi Congress Proceedings – Electronic Publication

The proceedings of the congress held in Abu Dhabi (UAE) on 4 – 8 November 2018, are now available as an electronic publication:

Nuclear Inter Jura 2018 – Proceedings – Actes du Congrès

ARCHE – ISBN – 978-83-88445-00-2

These proceedings are also available on the INLA website <https://aidn-inla.be/proceedings/>

Our appreciation goes to the authors who have accepted the reproduction of their papers in that publication, and to all the persons who had contributed to the organization of the congress.

3rd IAEA Maria Sklodowska-Curie Fellowship Programme, deadline: 30th September, 2022

We are pleased to inform you that the 3rd IAEA Maria Sklodowska-Curie Fellowship Programme (MSCFP) **application period is now open and will close on September 30, 2022.** To read more about the programme and eligibility requirements please visit the link: [IAEA Marie Sklodowska-Curie Fellowship Programme | IAEA](#) and [Information for applicants | IAEA](#). This year IAEA aims to select 150 students.

The IAEA Marie Sklodowska-Curie Fellowship Programme (MSCFP) was launched in 2020 by the IAEA Director General in an effort to increase the number of women in the nuclear field, supporting an inclusive workforce of men and women who contribute to and drive global scientific and technological innovation. The Programme aims to inspire and encourage young women to pursue a career in nuclear related fields, by providing highly motivated female students with scholarships for Master's programmes and an opportunity to pursue an internship facilitated by the IAEA. Scholarships are awarded annually, to 100+ female students, subject to availability of funds. In the selection of students, consideration is given to geographic and field of study diversity, in addition to eligibility requirements and other criteria. The selected students are awarded up to €20,000 for tuition costs and up to €20,000 for living costs for their Master's programme. Upon completion of their studies, students are also given an opportunity to pursue an internship for up to 12 months at the IAEA, its partner organizations as well as industry. Additionally, students are provided with opportunities to attend and participate in various educational, professional and networking events. Since its launch in 2020, MSCFP has received 1042 applications, selecting 210 students from 93 Member States studying in 53

countries worldwide. The programme is envisaged to grow each year to ensure more women have an opportunity to pursue advanced education in nuclear related fields.

For more information visit: [Meet the Marie Sklodowska-Curie Fellowship Programme students | IAEA](#) and [Watch Marie Curie Fellowship Programme](#)

Nuclear Law Bulletin:

The NEA's *Nuclear Law Bulletin* (NLB) is a unique international publication for both professionals and academics in the field of nuclear law. It provides authoritative and comprehensive information on nuclear law developments. Published twice a year in both English and French, it features topical articles written by renowned legal experts, covers nuclear legislative developments worldwide and reports on relevant case law, bilateral and international agreements and regulatory activities of international organisations.

You can download the latest NLB edition here: https://www.oecd-nea.org/jcms/pl_21586/nuclear-lawbulletin-nlb

Are you interested in writing an article for the NEA Nuclear Law Bulletin (NLB)? The NLB welcomes submissions from professionals and academics involved in or interested in the field of nuclear law. If you would like to write an article for the NLB, we recommend that you contact the NEA Office of Legal Counsel (OLC) as soon as possible at: nlb@oecd-nea.org.

For more information on the publication process, see: www.oecd-nea.org/law/nlb/pubprocess.html.

IAEA Publication: A Collective View on a Decade of Capacity Building and Development in Nuclear Law

The Nuclear Law Institute (NLI) is one of the main activities within the IAEA's training programme on nuclear law and legislative drafting. With approximately 600 officials trained since 2011, the NLI has made a major contribution to the establishment and enhancement of adequate national nuclear legal frameworks in Member States. This publication is intended to provide information on the

background, programme and methodology of the NLI, and its impact on Member States. Reflection on current topics, trends and developments in international and national nuclear law to which the NLI has contributed through the past decade is also included. The publication brings together contributions from NLI organizers, facilitators, lecturers and alumni.

STI/PUB/1962, 276 pp.; 8 figs, 2022; ISBN: 978-92-0-135021-3, English, 75.00 Euro

The electronic version for the above publication can be found below:

Job positions / research opportunities / internship announcements

[NEA, Paris](#)

The OECD Nuclear Energy Agency's Office of Legal Counsel (OLC) accepts applications for internships from students from its [member countries](#) throughout the year. If you are interested in applying for an OLC internship, please send a cover letter and your resume or CV to olc@oecd-nea.org.

These internships are open for full time students who:

- are enrolled in the field of international law (and most preferably, private or public international law, environmental law);
- speak fluent English and have excellent analytical and drafting skills; knowledge of French would be an advantage, as would knowledge of other languages used at the OECD;
- are capable of working in a team in a multicultural and international environment.

Contract duration is up to six months and is for a full-time programme (40h per week). Please make sure your availability clearly appears in your cover letter.

Price for INLA – Membership fees – Introducing PayPal

The Board has decided to leave the membership fees for 2022 unchanged, that is: 90€ for ordinary members and 20€ for students.

As you know, the PayPal system has now been launched to facilitate all membership payments; or for onward disbursement by the domestic chapters of the membership fees they collected. Should you have any questions in this regard, please, don't hesitate to contact: info@aidn-inla.be.

Remember: on-line directory of all INLA members

Should you want to quickly find a contact of any of the INLA members while on the go, do think of consulting INLA's on-line membership roster:
<http://aidn-inla.be/membership/membership-roster/>.
